Rolling Stone

Dwayne's World: King of the box office, Johnson is Hollywood's most bankable star— just look at the worldwide grosses for his movies. Spending time with Dwayne Johnson is pretty much uplifting as you'd expect. He will give you a fist bump that makes your humerus vibrate. His and warmth and enthusiasm will be infectious, and you will leave with newfound inspiration to wake up earlier and exercise more and be kinder to people and also maybe join the Marines? That's just the kind of guy he is.
